48 HOUR REPORTS

The Committee has reported numerous 48hr Reports in 2014 and at the time the reports were filed, the Dissemination Date was reported and in most cases the Disbursement Date was listed as being the same date despite the fact that at the time of the report no payment had yet been made.

The Committee is now in the process of amending those 48hr Reports to disclose the actual payment dates as disclosed on Schedule B of the Committee's Disclosure Reports.
